

Trade Compliance

1. The Supplier acknowledges that anything provided by the Supplier to MDLZ may be (or become) subject to applicable export control, import, customs, trade sanctions, and embargo laws of the U.S., European Union, and other governments, including without limitation the U.S. Export Administration Regulations, economic sanctions rules and regulations implemented in the European Union or under statutory authority and/or President's Executive Orders administered by OFAC, Council Regulation (EC) No. 428/2009 and related implementing regulations, and any orders issued under the foregoing (collectively "Trade Control Laws").
2. The Supplier is solely responsible for compliance with Trade Control Laws with respect to anything it provides to MDLZ.
3. To the extent that MDLZ provides any information to the Supplier, the Supplier shall not permit any of that information to be used, downloaded, exported, or re-exported in violation of Trade Control Laws.
4. No provision of, or action required by the Supplier's agreement with MDLZ will apply to the extent that it is prohibited under, nor shall the Supplier take any action that causes MDLZ to be in violation of, Part 760 of the U.S. Export Administration Regulations or Section 999 of the Internal Revenue Code.
5. Upon request, the Supplier shall provide to MDLZ the following information for each item provided under its agreement with MDLZ if applicable: (i) Harmonized Tariff Schedule of the U.S. classification or Harmonized System classification at the six-digit level; (ii) export classification (e.g. EAR99, Export Control Classification Number); (iii) country of origin; (iv) any preferential trade agreements; (v) certificates of origin or certifications or declarations of preferential origin eligibility; (vi) Chemical Abstracts Service number; (vii) Safety Data Sheets; and (viii) any document in support of the above.
